	• SB 1155 passed with the amendment (SB 164) this is the private schools bill folded into the admissions/remedial bill. We will be working with the proprietary schools on getting SURDS data, DAG membership increased by 100+, might change format of DAG or host 2 separate DAGs, etc. Only state in US to get this level of data at state.	
	 Price Sensitivity study from APA available: <u>http://highered.colorado.gov/Publications/Studies/2012/201201 PriceSensitivity APA.pdf</u> 	
	 New Legislative required High School report available: 	

	<u>Progress rel20120405.pdf</u>	
	• CDE Data Sharing – Sonia Brandon brought up concern regarding FERPA protection and the new high school report. With all the new sharing data initiatives going on in the state through different state agencies, DHE wants to ensure we will be protecting students FERPA rights. DHE is hoping to have some new policies over the summer that detail the treatment of data, etc. Regarding data sharing and SLDS/RISE if necessary individual IHEs can sign data agreements with OIT, etc. FERPA blocks on students were discussed and how to manage at state level.
